

PRODUCT DATA SHEET

(REV: 3 DATE: 08. 07.2008)

Product Code : 6280120 - PET-PR 80120 (BLACK)
Suitable product for : FIBERS, INJECTION MOLDING
Suggested let down ratio : 2.0 %
Observation : The masterbatch dosage is according to the final product requirements.

CHARACTERISTIC	STANDARD	VALUE
Heat Stability	P-QM-2603, DIN-53772	Máx.300 °C
Concentrate of:		INORGANIC PIGMENT
Carrier resin		PET
Physical Form	P-PR-2907	UNIFORM PELLETS FREE FROM CONTAMINATION
Hue	P-DP-2803	AS STANDARD.
Filter Test - Black	P-AM-2742	2 C CLASS

Appearance: Pellets (The size and the shape of pellets can change according to the manufacturing site)

REGULATORY APPLICATION LIMIT

Heavy metal free

Cromex doesn't use ozone depleting substances (ODS), volatile organic compounds (VOCs), asbestos, TAA and ITX as masterbatches raw materials.

REVIEW REASON: SPECIFICATION ADJUSTMENT

This data was printed on 11.08.2008 and is valid without signature.
